Subject: Email list for Gold King Mine Incident Coordination Calls

Hi Joyel,

I participated in the call this afternoon at noon and would like to be added to the email notification list for conference calls regarding the incident.

During the call, Drew Petersen said to send him an email and he'll add us to the list..however, I did not copy down the email correctly and cannot get a hold of him by phone to confirm his email address.

Would you please either send me his email address or add me to the email distribution list at kshelley@utah.gov ?

Also, our PIO was notified of an EPA media call this afternoon at 3:00 by local media but did not receive an invitation from EPA, nor could we find the information on the website. Is there another list UDWQ can be added to, to receive these updates?

Many thanks,

Kim
